STANDARDS: 1 in-depth, 3 moderate

USEFUL: 4 moderately

District	Course	Edition	Standards	Useful	Comments
Riverside	grade Science	2001	Moderate	Moderately	There are too many extras. We should have a book that we can actually cover in a year. This book would take at least two years to cover.
Torrance	Physical Science	2001	Moderate	Moderately	Good information. Has more subjects than the standards. Could spend more time in each standard.
Capistrano	Physical Science	2001	Moderate	Moderately	Reading level is moderately difficult.
Apple Valley	Physical Science	2001	In-Depth	Moderately	The textbook is okay but because this book covers many more areas than those in the Ca. standards, we are paying for a book twice the size that we need.
