Survey results: http://www.edgateway.net/pub/cabap_docs/97

Publisher: Thomson

Living in the Environment (AP Environmental Science)

STANDARDS: 3 in-depth, 2 moderate

USEFUL: 4 extremely, 1 moderately

District	Course	Edition	Standards	Useful	Comments
Visalia	AP Environmental Science	?	Moderate	Extremely	This is an AP - We are teaching to the Acorn Book standards. Not California standards.
Merced	AP Environmental Science	13 th	In-Depth	Extremely	AP standards are way more specific than the CA Standards, so the correspondence of this book to CA Standards isn't a very useful basis for evaluating this textbook, in my opinion.
Corona	AP Environmental Science	13 th	moderate	Extremely	None
LAUSD	AP Environmental Science	13 th	In-Depth	Moderately	None
San Rafael	AP Environmental Science	2004	In-Depth	Extremely	In-depth coverage, no resource materials, good test-writing software but the test questions are sometimes poor
